EDUCATION

College Of Engineering Roorkee
Computer Science Engineering - 72%

Aug 2021 – July 2025

Roorkee, Uttarakhand

Technical Skills

- **Languages :** HTML/CSS, JavaScript, PHP, C, C++(Basic)
- **Technologies/Frameworks:** ReactJS, Tailwindcss, JQuery, CodeIgniter, WordPress, GitHub, Parcel
- **Developer Tools:** VS Code, CodeBlocks

PROJECTS

Moist Flower [↗](#)

- Designed and developed "Moist Flower," an e-commerce website, **for a real-world client as a freelancer.**
- Utilized WordPress and Elementor to create a visually appealing and user-friendly interface.
- Customized themes and plugins to meet client-specific requirements and enhance website functionality.
- Ensured responsive design for optimal performance on mobile, tablet, and desktop devices.
- Delivered the project within the deadline, receiving positive feedback from the client for quality and efficiency.

React Portfolio Website [↗](#)

- Developed a personal **portfolio website using React.js and Tailwind CSS**, showcasing projects, skills, and experiences.
- Implemented responsive design principles with Tailwind CSS utility classes to ensure optimal viewing experience across various devices and screen sizes.
- Deployed the website using Netlify, ensuring high availability and a seamless deployment process.
- Continuously updated and maintained the portfolio website to reflect the latest projects and skills, demonstrating commitment to ongoing learning and improvement.
- Received positive feedback from peers and industry professionals on the design, functionality, and overall presentation of the portfolio.

COURSEWORK

- Introduction To C
- DBMS
- Software Engineering
- Data Structure
- Operating System

CERTIFICATIONS

Responsive Web Design [↗](#)

Skills Acquired

- * During this 300 hours of coursework I have learnt about HTML/CSS.
- * Learnt about flexbox, Grids, Animation, Pseudo selectors, Media Queries.
- * Completed challenges given as assignments to have a understanding of the implementation.

JavaScript Algorithms and Data Structures [↗](#)

Skills Acquired

- * During this 300 hours of coursework I have learnt about JavaScript Algorithm and Data Structure.
- * Gained Understanding about How JavaScript works and inbuilt functions like map, filter, reduce, setTimeout, setInterval, Eventlisteners etc.
- * Learnt about Closure, Hoisting, Scope, Event loop, Async Await, Promises, Error Handling.

Front End Development Libraries

Skills Acquired

- * Proficient in React.js, having acquired foundational knowledge and practical skills through self-paced learning via YouTube tutorials and free online courses.
- * Skilled in utilizing Tailwind CSS for rapid UI development, gaining proficiency through online resources and hands-on practice.
- * Continuously expanding expertise through ongoing self-directed learning and exploration of emerging trends in front-end development.
